Dear Dr. Smith,

Thank you for the opportunity to interview with Edison Tailor Foundation yesterday. I very much enjoyed our conversation concerning the Graduate Fellow position as well as the overall goals and mission of the Foundation.

I would like to reiterate my deep interest in the position. After our interview, I am even more enthusiastic about the opportunity of working with you and your staff. Your description of the projects I would be involved in has very much spurred my interest since I am continually seeking new professional challenges. I am confident that the skills and experience I have gained in conducting ethnographic research will be of great benefit to the current needs of your organization, as well as to this specific position.

I am attaching a copy of the article on Quechen Indians selling in the mercados of Chihuahua that we spoke about as well as the additional writing samples that you requested.

I am looking forward to hearing from you. If you are in need of further information please feel free to reach me at (505) 333-1010 or through email at ssmith@mymail.net.

Sincerely,

Suzanne Smith
